

1.21 Ministries Newsletter: November 2025 *Sharing His Light — Near and Far*

Hello Friends and Faithful Supporters,

We are so grateful for your continued prayers and encouragement. It's always important to us that those who support **1.21 Ministries** know that God is at work — using this ministry for His glory! Nothing brings us more joy than hearing how lives are being touched and changed through your partnership.

Since the beginning of the year, we've continued to travel, pray, and serve — making sure each trip is an opportunity to share the hope of Christ and follow up on ongoing ministry requests. Below are a few highlights from 2025:

Kenya & Rwanda

Christine Njeri (center) with students during her outreach in Rwanda — supported by 1.21 Ministries.

We've been blessed to support **Christine Njeri**, a young woman we met through our local church in Palm Coast. Christine regularly visits orphanages across Kenya, sharing the love of Christ and providing Bible study materials, school supplies, food, and clothing. With your help, 1.21 also supported her recent mission trip to **Rwanda**, where she ministered to families working on large farms that host day care centers and schools. In November, Christine will travel to North Kenya to serve at the **Samburu Girls Foundation**.

In addition, **Darryl's weekly Zoom Bible study** with pastors in Kenya continues to grow — several churches have expanded, and there is an increasing demand for Bibles.

India

A pastor from India recently shared this encouraging report:

“By God's grace, my wife and I went on a gospel campaign to an area called Koyyala Gudem. During the meetings, we preached the Word and shared the love of Christ by distributing gospel bracelets and cards. The people were deeply moved — many had never seen such bracelets before and expressed great joy and gratitude. After three days, many requested personal copies of the Holy

Scriptures so they could continue to grow in God’s Word. We are now praying for the Lord’s provision to supply more Bibles for free distribution, along with additional bracelets and cards.”

Scenes from outreach in Koyyala Gudem, India — distributing Bibles and gospel materials through local ministry partners.

Alaska

This summer, we sent **1,000 wristbands** to **Door of Hope Church in Fairbanks** for distribution throughout their community and nearby villages. During our September trip, we also stopped by a local Christian bookstore to restock their 1.21 display with additional wristbands and cards. Even on our flight to Alaska, God placed someone between Darryl and me who was open to hearing about Christ — a beautiful reminder that ministry happens wherever we go.

In **Revelation 22:13**, Jesus says, *“I am the Alpha and the Omega, the Beginning and the End.”* He is both the Originator and the Fulfillment — the One who holds all things together. That means you and I are held securely between the One who began all things and the One who will bring them to completion. We can rest, always, in His loving care.

With gratitude and love,

Darryl and Ruth Earnshaw
